## ANOTHER ULTIMATUM

IT IS THOUGHT IT WAS SENT TO SPAIN LAST EVENING.

## TELEGRAMS TO BUSINESS MEN.

President Said to Have Urged that Congressmen Be Requested to Adopt a More Pacific Attitude—American Horse-Meat Abroad.

WASHINGTON, April 2.—(Special).—To-day there was another lull before the impending war-storm which is expected to break forth on Monday. Neither branch of Congress was in session, and the Capitol-end of the town was exceedingly quiet. There was some activity, however, at the opposite end of the Avenue. All the departments were unusually active, and there was an extra session of the Cabinet at the White House. Secretaries Long, Alger, and Greer, Assistant-Secretary of State Day, and Attorney-General Griggs were present. It is understood that the meeting to-day was held to consider the drafting of an ultimatum to Spain, giving the government of that country warning that if it does not at once declare her intention to evacuate Cuba, the United States will immediately resort to armed intervention. Senators and Representatives who are close to the administration believe that a message, the purport of which is given above, was sent to Spain this evening.

There is, however, a statement, with some authority attached to it, to the effect that the President has sent hundreds of telegrams to the business men all over the country, asking them to urge upon their representatives in Congress the necessity of adopting a more pacific attitude towards Spain.

It is the opinion today that if such a message has been suggested by the administration to the Spanish Government, Sagasta would be justified in asking for a reasonable period to consider the proposition, and thereby gain time, which is the diplomatic policy of his country. Either that, or the answer would be a declaration of war against the United States. Cuba, of course, would be lost, but in accordance with Spanish views of honor.

PEACE IS GONE.

Another important matter under discussion was war preparations. Peace is no longer a thing of the past. Whether or not an ultimatum will be sent cannot be ascertained with certainty. In view of the fact that at 9 o'clock last night the President instructed Minister Woodford to inform Sagasta that his reply was evasive, and that a direct answer must be forthcoming, several senators expressed the opinion that a further ultimatum would be superfluous.

Representative Marsh, of Illinois, who introduced a joint resolution declaring war in the House this week, called at the White House. As he left he said: "War is certain, and at the bottom of it all is a real disaster. It may not come Monday, but will come next week, probably on Tuesday. Congress will settle this thing. We are going to fight."

When Representative Dingley left the White House he was asked whether peace or war was the result. He said: "I cannot say."

"Can you not say if we are going to have peace?" he was asked.

"No, I cannot."

"Would you not say so if you believed peace possible?"

"I certainly would, and gladly, too."

A shrewd suspicion exists that Mr. Dingley's visit to the President and his appearance at the Cabinet was to tell the members how a war tax could be levied. This suspicion was apparently verified when he refused to deny it.

The Cabinet is expected to act on the presumption that Congress will meet Monday and Executive aid in its course toward Spain.

## PANIC IN MADRID.

ABSOLUTELY NO TRANSACTIONS OF IMPORTANCE ON THE BOURSE.

## TANTAMOUNT TO A WAR PANIC.

Heavy Drop in Smaller Class of Bonds That Are Dealt In, and a Still Heavier Fall in Cuban Securities.

MADRID, April 2.—The Minister of Marine, Admiral Bermejo, denies the report that the government has purchased the Italian cruiser Carlo Alberto.

On the Bourse to-day there was not merely a panic, but there were absolutely no transactions, except in the smaller class of international and external 4 per cents, with a heavy drop in each, and a still heavier fall in Cuban bonds.

Such a state of the Bourse is considered tantamount to a war panic.

EL GLOBO HOPES FOR PEACE.

MADRID, April 2, P. M.—The ministerial organ, El Globo, in a leading article, inferentially confirms the statement of the correspondent of the Associated Press that the foreign Powers are using every effort to mediate between the United States and Spain, and that peace is likely to result.

A conference was held here last night, which was attended by the ambassadors of the leading Powers, several of whom had seen United States Minister Woodford during the day.

El Globo says that Spain, seeing that the sympathy of the Powers is openly with her, will come forward, not only in defence of her own rights, but as the champion of peace against aggressive action by the United States.

ATTEMPT TO BLOW UP OQUENDO.

El Correo Espanola says that the mail-steam Alfonso XIII. arrived at Coruna on Friday, having on board two prisoners, charged with an attempt to blow up the Spanish cruiser Almirante Oquendo in Havana harbor. It is also rumored that Julio Anibal Enriquez and a correspondent of a New York newspaper were implicated in the attempted outrage.
